## NEW HAVEN ROAD MAKES REMARKABLE GAINS.

October Net Corporate Income \$215,333 as Compared With \$115,765 in October Last Year.

As a result of increased efficiency of operation as well as the increased tonnage due to the general improvement in business, the New York, New Haven and Hartford railroad is showing remarkable gains in net corporate income.

The month of October shows net corporate income of \$215,333, as compared with \$115,765 in the corresponding month of last year. This income for the four months ending Oct. 31, totals \$2,811,331, as compared with \$1,844,142 in the same period of 1914.

The subsidiary corporations, as a rule, show equally satisfactory results in many cases the deficits of the trolley lines show decreases.

How to Live 100 Years.  
By special arrangement the men of Norwich and vicinity will have a real opportunity at the Y. M. C. A. on (Sunday) afternoon at 3.30 o'clock, when W. H. Stippich of Meriden, Conn., will deliver his special health lecture on "How to Live 100 Years," or "The Royal Road to Health."

Mr. Stippich traveled with Bernard McFadden (Editor of Physical Culture), in his last tour of America and has had wide experience in correcting physical deformities, having made a special study of abnormal conditions. At the age of twenty he was pronounced incurable of St. Vitus Dance, and not only has he overcome this, but is now a successful teacher of gymnastics. His address will deal with the things that men should know and it is expected that a large number will avail themselves of this opportunity. All men and boys 16 and over are welcome. Swahn's orchestra will furnish music.

Jail Sentence For Woman.  
Stella Corcoran, who says she is 25, but who is only 17, was sent to jail for ten days Monday morning, where Stella was arrested for soliciting. The Corcoran's home is in Norwich. # SPECIAL CITY COURT HELD IN 65

Violators of Hack Ordinance Were Before It—Small Boys Annoy Good Templars' Dance—Divorce Evil Growing—Death of Joseph Williams, Prominent Norwich Citizen—Mexico Question Was Up Fifty Years Ago.

The divorce question seemed to be almost as great an issue a half century ago as it is today for the Norwich Municipal Court Tuesday, Nov. 23, 1865 said: Our court report this morning records the granting of another batch of divorces, and then went on to state that this feature of the court business seemed to become more and more prominent as the years rolled by.

The same week the Norwich City Court held a special session, the first in some ten years, and David Young was sworn in as court recorder. Regarding the president's annual message to congress a Washington dispatch said that no part of the forthcoming message had received so much care and revision as that portion which referred to our relations with Mexico. Extracts from the Bulletin files of 1865 are as follows:

Monday, Nov. 27, 1865.—About 2.30 o'clock Saturday afternoon the occupants of a room on the fourth floor of the Wauregan House found the room filled with smoke. The fire was ascertained to proceed from a defective wire, when an alarm of fire was given and the engines quickly arrived. The fire was extinguished without the assistance of the engines.

A special session of the city court, the first that has been held in some ten years, was held on Friday and David Young, Esq., was sworn as recorder and happy crowd in attendance. Complaints against three owners of hacks for violation of the hack ordinance and warrants issued for their arrests. All Saturday morning at 9 o'clock.

Tuesday, Nov. 23, 1865.—Breed Hall last evening was thronged with a gay and happy crowd in attendance at the festival of the Good Templars. The tables were prettily arranged and the refreshments were of the best. The choruses and tableaux were very well done. The only improvement we wish to suggest is that some means be taken to stop the devil of some small boys, which annoyed those present last evening.

Our court report this morning records the granting of another batch of divorces. This feature of court business appears to be becoming more and more prominent every year. If something is not done to arrest the evil, Connecticut will soon attain as bad an eminence as Indiana in this respect.

A writer in the Windham County Transcript suggests that the clergy unanimously refuse to marry people who have not been accurately divorced. This is sensible and worthy of consideration. Among the returning officers of the 31st U. S. C. T. are Captain and Brevet Major Charles F. Ulrich, son of Dr. Ulrich, who formerly resided in this city, and now of Hartford, Captain George Greenman and Lieutenant Dee Laroo Wilson, regimental quartermaster of this city.

Wednesday, Nov. 23, 1865.—The death of Mr. Joseph Williams, one of the oldest and most estimable of the citizens of Norwich, will excite but little surprise. For more than a year he has been confined to his house and bed, and he has been suffering intensely from injuries occasioned by a fall. In his death we lose one who has been long and honorably identified with Norwich.

Mr. Stephen H. Norman, formerly of Leyard in this country, has been recently chosen clerk of the Aquidneck National Bank of Newport, R. I. This is the largest bank in that city and its capital stock has been recently increased to \$250,000.

Mexico Question in Message.  
A Washington despatch says: No part of the forthcoming message has received so much critical care and

consideration as that portion which referred to our relations with Mexico. Extracts from the Bulletin files of 1865 are as follows:

A Washington despatch says: No part of the forthcoming message has received so much critical care and

consideration as that portion which referred to our relations with Mexico. Extracts from the Bulletin files of 1865 are as follows:

# HEBREW CHILDREN WILL CELEBRATE CHANUKAH FEAST.

To Give Programme Arranged by Their Principal and Teachers.  
The Chanukah feast, which is to commemorate the battle fought 188 B. C. to maintain the Jewish state by Judas Maccabaeus and his four brothers who so valiantly defended it from the Syrian yoke, will be celebrated Sunday evening, by all the Jewish children of Norwich at the Hebrew school auditorium.  
The programme of the evening will be conducted by the children of the

cabinet revision as that portion referring to our relations with Mexico. The president has evinced a wise statesmanship without intruding our national dignity or popular traditions. He is understood as taking the position that while we cannot be indifferent to transpiring events in Mexico, yet interference on our part is unnecessary and would prove injurious to ourselves and the liberal cause.

Big Tumor Removed.  
Thursday, Nov. 20, 1865.—Dr. J. R. Gay of Montville removed on the 11th inst. a scirrhous tumour from the breast of a lady in Voluntown, Mrs. Levie Fish, weighing one and one-half pounds. He was assisted by Drs. Gay of Griswold and Bradford of Montville. Mrs. Fish is recovering rapidly with a fair prospect for a permanent cure.

Runaways: Only two Wednesday. In the morning John Schmidt's horse ran away with the butcher cart, starting from near the big plain. In Water street he overturned and smashed up the wagon.  
The same afternoon an unknown horse went over the same course, with the difference that he started at Water street and went up Washington street. What the result was we do not learn. The last seen of the animal was heading up town at a 2.40 gait and no one is the wiser.

The Shetucket National Bank has declared a dividend of 3-1/2 per cent on the 4th, proximo, free of government tax.

For West Indies Barrel Making.  
Friday, Dec. 1, 1865.—Large numbers of walnut saplings are now being cut and split into staves for hoops, in the adjacent country towns, whence they are sent to this city and shipped by the thousand, with shoofs for hogsheads, to the West Indies.

The Mission school on Hardscrabble were favored on Wednesday with a musical entertainment which gave them and invited guests much pleasure. Messrs. Leary and Parrish and Misses McFarland and Bard were the singers while Miss Johnson ably supported the instrumental part.

This Mission school has done a good work on the West Side and much credit is due to the devoted and energetic teachers. They are giving their time and energies to its support.

Who To Be Governor?  
The Democracy are manifesting a most lively interest in the question of the Republican nomination for governor. The Hartford Times and New Haven Register are devoting themselves to this important matter. They sympathize with Henry B. Harrison, speak well of the ability of Calvin Fish, attribute great and proper expectations to Mr. Averill, blow hot and cold at General Hawley and discourse sagely about the "ring" and the "press clique."

Christmas Rush Begins Early.  
Saturday, Dec. 2, 1865.—The rush at the dry goods stores this season is unparalleled. The stock of winter goods is opening being ordered in the city stores is immense but it finds ready purchasers. Prominent dealers like Spear, Vickridge, Mandelbaum and Sedgwick, advertise that they are crowded as a result their stores are crowded.

The Board of Education at the meeting last evening, deferred the choice of principal of the schools in the Central school district until their regular meeting next Monday.

The president has given another indication of the intent and spirit of his reconstructive policy in the despatch to Governor Wells desiring that the southern people shall shape their conduct without coercion from the government he does not look with indifference on the refractory measures which have been incorrectly pronounced to be the legitimate fruits of his policy.

FORECLOSURE IN SUM OF \$2,688.54  
In Favor of Savings Bank of New London Against E. A. Card.

Foreclosure was granted at the superior court short calendar session here on Friday morning, Judge William L. Bennett presiding, in the case of the Savings Bank of New London against E. A. Card of Groton and others. The judgment was for \$2,688.54 and limitation of time was set for the first Monday in December. The plaintiff was for \$2,500 given on Aug. 5, 1904, on real estate on the Groton Bank river road, on which the American Telephone and Telegraph company claims a lien to erect a pole line, and Willis C. Bates company claims a \$2,000 mortgage.

Motion to place on the jury docket was granted in Abraham Attell against Norwich and Western Traction company, and a motion to strike out answer of defendant was denied in the same case.

Judge Bennett took the papers after hearing the arguments of counsel. Henry J. Kilroy, administrator, against city of Norwich.

Default for failure to plead was entered in Thames Loan and Trust company against Willard M. Anderson and others, but motion for disclosure of defense, if any, if otherwise foreclose, was denied.

Bond of \$75 in two weeks for prosecution was ordered in Mabel Weeks against Shore Line Electric Railway company.

An order extending to Jan. 22, 1916, the time for carrying on business was passed in the receivership of the Fenelon Building company.

The judge took the papers on demurrer and a motion to set aside the verdict in Frederick C. Jennings and others against Elizabeth M. Park, executrix, appeal from probate, defendant's motion to erase case from docket was denied, but in the same case a motion was granted for permission for plaintiffs (appellants) to file the reasons of appeal in the case lodged with the clerk of the court.

A reply is to be filed in the case of Willis Austin against Nathaniel T. Bacon in which the latter has a motion for non-suit for failure.

There were three matters on the list that were postponed.

No Divorce Business.  
The only divorce case on the list was postponed because a witness in the case was sick. It was the case of Manuel Gonsalves against Amelia Gonsalves.

Unclaimed Letters.  
The list of unclaimed letters in the Norwich postoffice for the week ending December 3, 1915, is as follows: Hannan Aulried, Lawrence Gilbert, John Guffin, H. D. Miller.

England has a paper shortage.
